Building Your Website: Info About You

Let's get started!

In order to start building your new website we need to get to know you! Please give us as much information as you can. This will help us to create the best website we can for you

This should take around 30 minutes. There are 9 sections to complete:

1. A few checks
2. About you and your business
3. Your website objectives
4. Your key products and services
5. Your website visitors (your audience)
6. Designing your website
7. Page structure
8. Contact information
9. Anything else?

You can also upload additional content to your Media Library.

About you and your business

SUMMARY - In your own words, briefly describe the nature of your business. What is it that you make, sell, do or provide? *

Please include a short summary (a few sentences should be enough) – imagine you are describing your business to a new acquaintance. Try to avoid words that are too vague or terms which visitors may not fully understand. The answer to this question will form our main understanding of what your business does. We'll use this information to create content for your 'Home' and 'Services' pages.

experience to solve most problems and obstacles that arise during work

Your website visitors (your audience)

SEARCH - What do you think people are searching for when they're looking for a website like yours? Are there key 'search words' they might they use to try to find what you are offering? *

Many website visitors type keywords into a Search Engine to find websites of interest. We'll use your key search information to match the content on your website with what your potential visitors are looking for. This will help them find you.

We carry out turnkey projects, we are there to carry out the projects with the least possible expense.

AUDIENCE - Where are your website visitors/customers typically based? Is your audience local, national or international? What areas do you serve or deliver to? *

Whether you are local or global, it's valuable information that your customers should know, so please be as specific as possible. We'll use this information to accurately present the nature of your business and to optimise your content with appropriate geographic references where needed.

Our audience is in the Montreal area and around, we generally work in this area

TESTIMONIALS – Do you have any customer testimonials that you would like us to include? *

Testimonials from satisfied customers are a valuable marketing tool. Including these on your website will help us build trust and confidence in your business. You can also upload testimonials and pictures of your happy customers to your Media Library.

Our advantage is in respecting the customer and his budget, we are here to help our customers choose the best solutions to suit their needs, we work very hard to make quality projects with the least possible problem,

SELLING ONLINE - If you are selling directly online (you have an eCommerce package), we'll set up one of your online products for you. Please give details of the product that you'd like us to set up.

What do your customers need to know? Please provide details like the product name, description and variations (eg. size, colour etc). You can also upload product images into your Media Library.

Designing your website

DOMAIN - Do you already have a domain name for your new website? *

If you don't already have a domain we can help you choose one, or if you're not ready yet we can publish your new website to a temporary domain name.

✓ - GoDaddy ▼

If YES, what is the domain name that we should use?

bativertconstruction.ca

EXISTING SITE - Do you already have an existing website? If YES, what is the location (URL)? Is there anything that you'd particularly like to keep, or not to keep? *

We can't replicate an existing website but knowing what you like and dislike will help us to design similar features into your new website. For content (text or images) you'd like to keep, you'll need to extract and upload these as text or image files into your Media Library. We'll only use information which you have placed there.

bativertconstruction.ca

LOGO - Do you have a logo that you'd like us to use? *

If yes, please remember to upload a good quality image file to your Media Library.

☒ Yes

☐ No

SLOGAN - Do you have a catchphrase, tagline or marketing slogan that you'd like us to use? If YES, what is it? *

A slogan is a useful way to present your key message and differentiate your business from others. For most impact it should be short, inspirational and easy to remember!

Au plaisir de vous servir, Looking forward to serving you

LOOK & FEEL - Overall, how would you prefer your website to look and feel? *

First impressions are important! If you feel that a light or dark style website particularly suits your business, let us know. Otherwise we'll use our experience to choose a style which best suits the nature of your business your and content.

- ☐ Light (i.e. dark text on a lighter background)
- ☐ Dark (i.e. light text on a darker background)
- ☒ Let us choose for you

COLOUR - So that your website looks pleasing and is easy to read on a range of devices we'll use neutral colours with a single accent colour. What accent colour would you like us to use? *

You can name or describe the colour or give us an exact colour code to use. Or if you'd prefer, we can take inspiration from the colours in your logo. Just let us know!

Green 06EA2E

STYLE - What is your preferred written style or tone of voice for your website? *

Whether its friendly or formal, we'd like your website to talk to your visitors in the same way that you'd like to. Let us know if you have a particular preference. Please tick your preference from each of the pairs below. Alternatively, we can choose a style of voice which they feel best suits your business and audience.

Serious ✕ Simple language ✕ Alternatively... let us choose for you ✕

**TEMPLATES – Here is a link to some of the templates that we can use to design your website. Let us know if you have a particular preference for us to use. ***

Review your answers - Before you complete this process, please take a few moments to review your answers. Is there anything you've forgotten or anything else that it's important that we know?

Additional content - Once this Consultation is complete (or your consultation form is submitted) your website will automatically go into production in **3 business days** time. If you haven't done so already, you can use these next 3 days to upload **any additional content** that you'd like us to use into your **Media Library**.

- Your logo (if you have one)
- Any images (please use high quality, high resolution)
- Any additional text - (content, product or service details, testimonials, blog content etc)

Production - We'll send you an email when your website has gone into production. During production please don't upload any further content or edit the website yourself. Production of your initial draft usually takes around 7-10 working days.

Your opportunity to review - As soon as the initial draft of your website is ready, we'll send you another email containing a link to your new website. You'll then have the opportunity to review and request refinements before we publish your completed website.

Ready to proceed?..
